

1 JULY, 2026

CISO UK

▶ Connecting you to what's next in infosec

Real conversations. Real challenges. Real security leadership.

This event brings together senior security leaders for a day of meaningful peer engagement, practical insight, and strategic discussion. Focused on the challenges organisations are facing, from AI-enabled threats and cloud security to resilience and leadership, the agenda is designed to foster honest conversations and actionable takeaways in a trusted executive environment.

KEY THEMES

Game-Changer or Greatest Risk?

As AI reshapes the cybersecurity landscape, leaders must navigate its potential while staying ahead of increasingly sophisticated threats.

Resilience Beyond Prevention

In a world where disruption is inevitable, resilience has become the defining measure of cybersecurity success.

The Modern CISO

Today's security leaders are expected to do more than protect the business, they are helping shape its future.

Innovation Without Compromise

The challenge is no longer choosing between security and innovation, but ensuring they move forward together.

KEY SPEAKERS

Mun Valiji

Chief Information Security Officer

CLOSE BROTHERS

Jane Frankland MBE

Founder & CEO

KNEWSTART

David Jones

Chief Digital Officer

JOHN SWIRE & SONS LIMITED

Linda Thielova

Global Data Privacy Director

CUSHMAN & WAKEFIELD

Mike Chilvers

Deputy Chief Information Security Officer

ELANCO

MEET THE SPEAKERS

Professor Dan Haagman

Chief Information Security Officer
Global Study
CHALEIT

Glen Hymers

Deputy Director,
Cyber & Information Security (CISO)
CABINET OFFICE

Kelly Paterson

Chief Information Security Officer
SERCO

Jason Grange

Chief Information Security Officer
HCRG CARE GROUP

Kirsty Kelly

Group Chief Information Security Officer
CFC INTERNATIONAL

Wisdom Aveh

Head of Information Security, Data Protection Officer
KURT GEIGER

Toyin Makinde

Senior Manager, Information Security
THE COCA-COLA COMPANY

Jean Carlos

Head of Information Security
CHECKATRADE

Kerry Brine

Senior Director Information Security Assurance & Governance
LKQ

Gaynor Rich

Chief Information Security Officer
CAPITA (PENSIONS)

Sam Taylor

Chief Information Security Officer & Project Manager
ENFINIUM

Dr. Dipesh Hindocha

Chief Medical Information Officer
